

TORNEO

Date: 31/1/2020

Guide: Ginumol joseph

1. Project Overview?

“TORNEO-the web assistant” is a tournament management system in which the tournaments are coordinated. In this project, there are 4 users Teams, Club, Sponsors and Admin. Club conduct tournament by registering into “TORNEO” through their home page. After admin approved tournaments, they are sent to sponsor’s page. Once sponsors are willing to provide sponsorship they register for it and after approving this sponsorship the tournament details are notified to all other registered teams. The team applies for the tournament. After the team applies for tournament, club schedules the match. The match schedule is viewed by the team. After match, the result is also published in the site. Guest user can find the upcoming tournament and book the tickets.

2. To what extend the system is proposed for?

- Efficient management of time and cost
- No paper work
- Less manual work
- High publicity
- Finding sponsors became easy
- All procedures are automated
- More trusty users
- Tournament can conducted easily without human effort
- Management of tournament became more easy
- Conduct tournaments in a button press

3. Specify the Viewers/Public which is to be involved in the System?

People who are interested in sports, Sports club, Sponsors, football teams.

4. List the Modules included in your System?

- Admin
- Sponsor
- Team
- Club
- Ticket booking

5. Identify the users in your project?

- Team
- Club
- Sponsor
- Guest user

6. Who owns the system?

- Football academy

7. System is related to which firm/industry/organization?

Sports organization

8. Details of person that you have contacted for data collection?

Club secretary
KCC club, Kumarapuram

9. Questionnaire to collect details about the project? (min 10 questions, include descriptive answers, attach additional docs (e.g. Bill receipts, certificate models), if any?)

- **Who conducts a football tournament? What are the procedures?**
Authorized club conducts the tournament. For conducting a tournament, Make sure that Club must decide the date, time, number of participants and also a place to conduct a tournament. After that, they contacts sponsors for sponsoring the event. Once sponsors are willing to provide sponsorship, they notify the events to the teams. Then team can apply to the tournament and participate in it.
- **How can we identify whether the club is authorized or not?**
Every authorized club has a registration certificate which includes the details of club authorized persons, club address and a registration number includes the sl.no./year.
(eg: 4563/2016)
- **How the match is scheduled?**
First select group of two teams and conduct a match between them. After that the second session of match is conducted between the winning team of each match. At last the semifinal match is conducted with 4 teams and the winning teams plays the final match.
- **What are the major rules of the game?**
 - ✓ Aim of the game is to score more goals on opponent team in a time frame of 90 minutes. Match is split up into two halves of 45 minutes.
 - ✓ Each team consists of 11 players. They are made up of 1 goalkeeper and ten outfield players.
 - ✓ Each team can name up to 7 substitute players.
 - ✓ Player can only play for one team at the time of the match.
- **What are the details to be provided to a sponsor for getting their sponsorship ?**
 - ✓ Details of the tournament including name, date, location and a brief description.
 - ✓ Estimated exposure. For example attendance at the stadium.
 - ✓ What materials does sponsor need to provide?(logo,banner)
 - ✓ Price of sponsorship.

- **How can we validate sponsors and teams?**

By means of aadhar or any personal identification number we can validate sponsors and team.

- **What are the processes done during a match scheduling?**

After the deadline for applying a tournament, Club schedules match between the applied teams. The schedule is displayed to the team who participate in it. After that the match is coordinated following the schedule.

- **What are the things to be taken care when selecting a stadium?**

When finding a field, look for low rental prices. It is also equally important to find a decent ideal place.

- **What are the difficulties faced while conducting a tournament?**

There are lots of paper work and manual tasks. Finding a sponsor and getting sponsorship is a hectic task. Conducting a tournament is very expensive and it is time consuming.

- **Is it acceptable when all these process is automated?**

When whole tournament management process is automated, we can reduce lots of paper works and manual tasks. An automated system provides more security. Finding a sponsor becomes an easy task. Mainly tournament can be conducted as simply as pressing a button.
